2. Request from I-Jung (David Gray's special assistance)– Front Office needs someone from ORC counseling to review EPA comments on the SunBio Title V permit from Arkansas (Josh or William – Suzanne asked if one of you has time to review MM's comments on the permit? Please let me know or Bruce if it is after Monday).
3. Status of TX Regional Haze – Josh/Adaobi - is there anything in addition to the team continuing to work in this?

These are FYI's:

- Houston RACT- package is ready for Jim's concurrence [concurrence after TX SSM] (Barbara N.)
- Fed Talent training is out. All new mandatory trainings for the year.
- Cynthia can still handle People Plus and travel questions until further notice.

Bruce, you may hear about managers contributing funds for an Administrative professionals group lunch – 5\$ per manager (Stacy Dwyer)
